VOL. XXVIII.

HOPKINSVILLE, KENTUCKY, TUESDAY, OCTOBER 23, 1906.

NO. 128

SALARY RAISED TO \$2,500

Provided Dr. Jenkins Accepts
Care of Baptist
Church.

DR. NASH GOES TO TEX.

Other Church Notes of More
or Less Local
Interest

At a church meeting of the Baptist church Sunday, it was determined to make an increase of \$500 in the pastor's salary, provided Dr. M. A. Jenkins can be induced to accept the call made Sept. 5. Dr. Jenkins has been called to Brantley church, at a salary of \$2,500 and the promise of an assistant. Also to Roanoke, Va., at \$2,000 and the promise of an increase. The salary here has been \$1,700 cash, a parsonage that will rent for \$300 and a month's vacation on pay. This salary of \$2,000 has been, by vote of the church, increased to \$2,500, with the usual vacation but without the use of the parsonage. This puts Hopkinsville on an even basis with Baltimore and ahead of all other churches seeking Dr. Jenkins' services. While he has repeatedly said that he would not let the salary be a consideration in arriving at a decision, the church did not feel that it ought to expect a pastor to leave where services were in demand elsewhere at a higher salary than he was offered here. It was further agreed that he would be granted a leave of absence to make a trip to the Orient next year, he to furnish a supply during his absence. A final decision is expected from Dr. Jenkins in a few days and if he comes he will be here by November 1st.

Accepts Call to Texas.

Rev. Chas. H. Nash, D. D., former pastor of the Hopkinsville Baptist church, whose resignation was accepted Sept. 5, has accepted a call at Temple, Texas, and has already entered upon his duties. He left last Tuesday and has wired his family that he will not return to Hopkinsville. Mrs. Nash and daughter, Miss Mary, will start for their new home in a few days. Dr. Nash's son, Chas. H. Nash, who is in business here, will remain. The salary is \$2,000, a parsonage, the expense of moving and two months' vacation.

COLORED PEOPLE

Death of Three Within Past Few Days.

Fletcher Warden suffered a paralytic stroke at his home on East First street Friday night and death resulted Sunday. He was 52 years old.
Ben Dado, formerly of this place, died in Madisonville Saturday of typhoid fever, aged 35 years. The remains were brought here and interred Sunday.
Forman Jefferson, aged 27, died of pneumonia Friday at his home on North Liberty street.

LOST \$750

By Not Having a Full Company to Drill.

The Uniform Rank, K. of P., returned Saturday from New Orleans, having had a most delightful trip to the supreme lodge meeting. They had only 22 men along and as it took 29 to complete for prizes they were unable to enter the list. They had to stand by and see the poorest kind of companies get the prizes. They lost \$750 by not having seven more men on hand to pick up a good thing.

Destroy the Leaves.

If citizens will remove the leaves from the gutters in front of their homes it will greatly aid the city authorities. If they are allowed to wash into the sewers it will cause much trouble and as they are constantly falling it is impossible for the city to keep the gutters free without the help of property owners.

each year with an appropriation for water, light, sewerage, telephone and fuel.

A few days ago Dr. and Mrs. Nash were presented with an elegant and costly silver service and Dr. Nash with a gold-headed cane. More than 100 members of the church contributed to the fund raised to purchase the presents.

Against Divorces.

One of the planks in the resolutions adopted by Tennessee Baptists before their adjournment at Clarksville Saturday, urged that no minister perform the marriage ceremony for any person divorced for other than a scriptural reason.

Dr. Cannon Preached.

Rev. S. J. Cannon preached at the Baptist church Sunday evening to a large congregation. At the morning hour only a prayer service was held, conducted by Dr. Edmund Harrison.

ORDER OPENING MEANS AVENUE.

Council Transacts Much
Routine Business Friday
Night.

CARNIVAL EXTENDED.

Mayor Authorized to Draw
Warrants For \$15,000
For Colored Schools.

The city council met Friday night in regular session with the mayor and six councilmen present, Councilman Ware being sick.

Much of the time was taken up in correcting errors in the tax list. J. P. Tate, Mrs. J. D. Hill, L. Yonts, the American Snuff Co., and Flack & Dabney were among those whose lists were reported incorrect. These and other corrections made, aggregated about \$30,000 of decreases from the reported list of \$2,931,000.

City Collector H. C. Moore reported that he had listed and verified property omitted by the assessor amounting to \$78,700 property of whites and \$28,400 of blacks. This leaves the total assessment a little more than \$3,000,000. An application to open a saloon on Ninth street between Main and Virginia was refused.

The National Fraternal Union made application for an extension of one week in their carnival privileges on account of the rainy weather. The extension was granted.

The mayor was authorized to draw warrants from time to time, during next year, to the amount of \$1,500 for the benefit of the colored public schools, same to be paid from the school fund.

Councilman Clark, of the Corporations committee, reported that L. M. Shepherd, of the City Light Co., had submitted a proposition to renew the current street lighting contract upon the same terms, \$75 each for 75 lights, and additional lights at \$70 and when ninety lights were taken to make the price \$70 on all of the lights. Councilman Davis moved to amend the proposition to accept 90 lights for \$6,000, or \$66.66 each. This motion prevailed and Mr. Shepherd was given until the next meeting to consider it, although he stated that his company could not accept the price, as he expected to put in a new and improved light system at a heavy outlay. The matter went over for two weeks.

An ordinance was passed providing for opening a new street from Main street, north of Little River, to the north end of Elm street, to be called "Means Avenue." It will run near the river and will be 40 feet wide and 1,300 feet long, passing through the lands of Mrs. S. A. Means and Dalton Bros. The land will have to be condemned in the usual ways.

The street will supply a great need for a direct connection between the West side and North side of the city. It is proposed to open the street as soon as possible.

An ordinance extending the fire limits from Water street to Elm street, between Fourth and Eleventh streets, was passed. Also an ordinance prohibiting the erection within the fire limits of any structure built of iron. Only brick, stone or concrete walls will be considered fire-proof.

The employment of an assistant to the Sexton, to live in one of the new cemetery cottages, was referred to the cemetery committee.

Ready for Brick.

The foundation for the Climax Mills building is about complete and the bricklayers were to begin work yesterday, but owing to the non-arrival of the expected steel beams that had been ordered, work was delayed a day or so. The manager, Mr. Ross Rogers, says the work will be pushed to as speedy a completion as possible.

FALL FESTIVAL SHUT DOWN.

Some of the Shows Left Saturday Night, Others Probably Stranded.

DID POOR BUSINESS.

After Obtaining Permission for Continuance Afraid to Try Again.

All is over, and the people feel glad of it. After a week of trying to pull through without losing money, the fall festival played out Saturday night. The Fraternal Union, composed of many of our best people, is said to be in a great big hole in its effort to give the people a list of attractions worthy of their support. They have the sympathy of the people, and it is not their fault that they "played to losing houses."

The attractions were few, and did not "attract" as were expected. Mr. A. L. Midgley, whose job it was to do the spelling and control attractions, was seen yesterday, and was about as mad as a man often gets. He lays the whole blame on the committee, and says that the show men were not treated as they should have been, and some of them did not have money enough to take them away from Hopkinsville. He said that Madame Cortley, the juggler, had started to Buffalo, N. Y., but he doubted if she had money enough to take her there. The Coliseum people, he said, were all in bad shape financially, and what they were to do he could not tell.

The collapse of the festival may be attributed to several causes, principally from the fact that the people have become tired of carnivals and such like. Another reason is that many of the attractions that had been engaged failed to come, and there was really nothing to draw a crowd of any size.

The show people, in their dilemma, have, we learn, determined to bring suit against the committee to recover from them what they claim is due them. The situation is most discouraging to the show people, and many of them may have to stay here much longer than they will like.

Early yesterday morning the lighting company was taking down its electrical apparatus, and many of the little catch-penny stands were overturned, dejected actors and actresses were sitting about the tent doors, a whole lot of fellows who had been connected with the festival were gathered about the grounds in groups, and everything wore the look of failure and hopelessness.

This may be the last carnival we will have for years.

JOE SPRINGFIELD

Released From Prison, Enjoyed His Freedom One Day.

Joe Springfield, the negro who was tried and acquitted last Thursday on the charge of shooting Elihu Dougherty, near Fairview, and after languishing in prison for several months, did not enjoy his freedom very long. Saturday he was so happy over his release that he got on the outside of too much whiskey and was soon in prison again. He sent for his old lawyers to get him out of his trouble a second time, but they declined to have anything to do with his case. Joe's lessons are costing him high, but it may be that he will learn to behave himself some day.

AIM WAS BAD.

Five Shots Fired, But None Took Effect.

A row occurred between some negroes at Edgfield, not far from Pee Dee, Sunday, and one of the gang is said to have fired five times at Geo. Northing, who was one of the party. None of the bullets hit the mark, however, and no damage was done. The trouble occurred in the edge of Trigg. No arrests have yet been made.

Thoughts in My Den.

All the joys of the world may be proffered you in the outstretched arms of a baby.

The tiniest baby knows as much about the mystery of life as our wisest philosophers.

Tell me from whence comes the perfume of the rose and I will tell you the secret of the universe.

A woman may be very beautiful, but unless she is womanly and gentle, the admiration she will attract will be of such a nature as to do her injury. It is most beautiful to be good!

A well-known poet speaks of the cheeks of a woman being like the cheeks of a day. I never have seen a woman with cheeks like that, although I have beheld some with cheeks like the rising sun—pale.

Beauty of the heart is so infinitely much greater than beauty of the face and figure that comparison lacks parallel. Too many women spend hours endeavoring to enhance the outward beauty to the utter neglect of the inner.

Avarice carries a dagger for those who practice it. Of all vices it gives the least license for enjoyment. Shakespeare declares it is the worst poison to the soul. An old maxim says, "Poverty is the want of much, but avarice of everything."

By the Way.
 The law of retribution is sure. The man who gazes too long at flying lingerie on a street crossing is sure to get dirt in his eyes.

The best cheer comes from a man's own cheerful heart—or from the heart of the little woman alongside him! Either one is 15 karats fine.

A bald-headed man will stand for hours watching flies get stuck on fly paper, and feel only partially relieved at that.

According to the newspapers, a Philadelphia woman, stopping in Chicago, lost her diamond stomacher at a theater. Is it anything like a liver pad?

It is said there are sermons in everything—even in stones, but some men are such poor masons they couldn't build a philosophical dog house.

An Editor's Superstitions.
 Dropping a form is significant of "pig" for dinner.

Death of the office dog is a warning to change foremen.

A drink taken on Friday is a sure sign of a belated lunch.

A lost shooting stick means there will be a cool (quoin) squeeze.

Calling the town loafer a bully means the loafer has gone fishing.

A yellow-legged chicken in a waste basket is the sign of a new subscriber.

Seeing the bill collector over the left shoulder means a stringency in the money market.

Joining with a red-haired girl-type means a (white) "hoor" on the editor if his wife sees him.

A load of wood stopping in front of the sanctum door means a dormant fly market up town.

A patch on the editor's trousers is a sure sign that another good ditch digger has gone wrong.

Speaking of "our prominent citizen, Mr. Spoons" is equal to a confession of one dollar on subscription.

A black cat crossing the editor's path at midnight is a tip to remove shoes before entering "Home, sweet home."

Stealing these superstitions without credit, to incite to the evidence of the approach of a large bunch of obituary poetry. Wise editors will be warned in time.

When the devil drops the office towel, the town bore is coming in after more of the editor's "fragrant" tobacco. This is a sure sign he is coming anyhow four times a day.

A SUFFERER FROM PILES

N. S. Wilbur, Secretary Louisville Base Ball Club, After Ten Years Suffering, Is Cured by Paracamp.

HAD TRIED MANY REMEDIES

N. S. Wilbur, the popular Secretary of the Louisville Base Ball Club, says:

"I was a sufferer from Chronic Piles for a period of ten years or more, and while I used practically all of the known remedies, I received nothing but temporary relief. One night while traveling my suffering became so intense that in desperation I used Paracamp. It being the only preparation that I had with me, I did not think for a moment that I would get relief, but in my condition was willing to try anything. Much to my surprise after the first application my suffering became less. I was able to go to sleep and when I awoke in the morning the pain was all gone. I applied Paracamp two or three times afterward, but because I experienced any suffering but I feared a return of the pain.

I am glad to state, however, that the trouble has entirely disappeared and I believe myself for the first time in over ten years cured.

I regard the effect of Paracamp in my case as simply wonderful and would not have believed it possible for a remedy to do what it has done had it not been for my actual experience with the preparation."

Paracamp positively does not contain anything that will injure the most delicate skin. It is a clean, safe, cooling, soothing, application that every one can use every day with pleasing and satisfactory results.

A trial will convince you. So get a bottle of Paracamp to-day from your druggist. We guarantee every bottle to give satisfaction. If it fails to do what we claim, go back to your druggist, the man you know, and get your money.

Sold only in 25c, 50c and \$1.00 bottles.

I had suffered for a long time with a heavy pain across the small of my back, sharp and acute at times. When I caught cold it always settled in my back and there followed a weakness of the kidneys which was exasperated especially at night. I tried various remedies but none of them gave the satisfactory results that I obtained from the use of Doan's Kidney pills. I am pleased to say that they brought me great relief. I have recommended Doan's Kidney pills and will continue to do so to all my friends and acquaintances."

Record-Herald.

Don't You Feel Well?
 Ache All Over?

Feverish? Feel as though your blood was hot? Cold feet? Backache? Those warning signals which indicate that "a bad cold" or a fever is coming on? Don't get discouraged, but go home. On the way stop in any drug store and get Dr. Pierce's Golden Medical Discovery. When you get home, take a hot bath or hot foot bath, go to bed, cover up warmly, take a dose of the "Golden Medical Discovery," in the morning another dose, and you will feel better. You will not have to continue many doses before you are well. If you still persist in the use of Dr. Pierce's Golden Medical Discovery you will find improvement in the use of general constitution, appetite and health. Your liver will become active and throw off the poisons from the system.

Get as near to Nature's way as you can. There's a reason. Vegetable foods are usually good for the health. The human economy digests and assimilates them best. In disease, a remedy made up of Golden Seal root, Queen's root, Stone root, Black Cherrybark, Mandrake root and Bloodroot, such as Doctor Pierce's Golden Medical Discovery, is positive yet safe, is assimilated in the stomach and taken up by the blood, therefore it is the most perfect means which can be employed for the regaining of lost health. Molecules snatch at it from every corner. They mean to kill or eat us if they can.

They are armed by millions as soon as we eat, drink and wear. The air leaves it with them. Medical science has proven in the past few years that nearly every ailment is a germ disease. Such germs enter into the blood in two ways either through the lungs or stomach. If the blood is pure and rich the liver and stomach in healthy, active condition, the germs of disease cannot find a resting place there to multiply. Diseases of the lungs, bronchitis and consumption, grip and pneumonia, are very apt to spread through a factory where there is much dust in the air. The lungs become irritated and the germs find a fertile field for growth. Extreme weakness, feelings of nervous exhaustion, cough, colds are the warning signals which could be headed. One should put the system in the very best possible condition right away. Aid your body of the poisons that are apt to accumulate and your system is ready to ward off the attack of the germs of disease. Doctor Pierce's Golden Medical Discovery makes rich, red blood by increasing the red blood corpuscles. There is no alcohol in this great tonic to shiver up the red blood corpuscles. An alternative extract, made only of native medicinal roots, it goes about its work in nature's way. Only good can come from its use, as it invigorates and tones the liver into proper action, and feeds the worn-out stomach and heart on pure blood.

"I am a firm believer in Dr. Pierce's Golden Medical Discovery," writes Joseph Napoleon Stier, Chairman Board of Relief, of the New York Hospital, New York. "I find that it has been of practical value to a number of my patients. They are especially exposed to inclement weather, and often suffer from colds, influenza, and other ailments. Dr. Pierce's Golden Medical Discovery, there is much to be said for it. It is a healthy, active condition, and it is a very fine tonic for a run-down system. It is a tonic to acknowledge its worth."

BAD HEADACHES generally arise from bad habits. Poor breath, bitter taste, and sour eructations or belching of gas, are common symptoms though not all present in every case. To cure, take small doses, only one or two each day, of Dr. Pierce's Golden Medical Discovery. The Original, first put up by him over 40 years ago. One or two a laxative, three or four cathartic.

Thoughts in My Den.
It is because love is blind that so much courting is done in the dark.

There never was a bed so soft and downy as your own after you have been away for a few nights.

Man is equal to the tasks given him to do even as the attenuated web of the spider is strong enough to hold the fly.

A fellow out of a job wants to work, and the fellow with a job wants to take a "lay-off." This is the way of the world.

Believe in something, trust some-body. It will keep your hope freshened and your heart light. The pessimist is the dearest of men.

Destroy the ideals and ability of man and you place him on the plane of the animal. Inspire idealism! It is the hope of your life and the lives of your fellows.

Too many men, like the Ancient Mariner who shot the albatross, tempt Fate by their own foolish actions. It never pays to take the trouble to look for trouble.

Blasphemy is the silliest of vices. It gives no pleasure, tickles no salacious nerve and is merely a bad and disgusting form of speech that no gentleman should use.

The old-fashioned advice to go to bed with the lamb and rise with the lark is much disregarded these days. We go to bed when our pleasures are exhausted and get up when we are called—sometimes.

If beggars could be choosers there would be more automobiles on the drive. Mounted beggars ride fast, you know.

We often hear the expression, "As gentle as a dove." As a matter of fact the dove is not at all gentle in his demeanor. Among his kind he fights and scolds in the coop, pecking away with his beak in a most ugly fashion. Two carrier doves will grab hold of each other and hang on like bulldogs, but if the average man were as fond of home as the carrier pigeon, what a domesticated heaven this would be!

I have often wondered what the flocks of blackbirds are talking about in the Fall when they gather for their pilgrimage southward. They jabber, jabber for hours and apparently are as excited as can be. When a man or woman is about to make a long journey away from home, he or she is apt to be subdued in manner, regretful of the leaving-taking. Not so with the blackbirds. They are as noisy as birds possibly can be and all talk at once. They certainly must have a language and must understand each other or else they are very silly birds to make such a babel of mere noises.

My Love, I Long.
The golden-rod is blooming by the road. The brown-eyed-susans dip upon the breeze. The katydids are "chiding." Their everlasting "chiding." And something winds gliss softly in the trees. The melancholy season. It is a season to reason. But I know you're in flush of autumn hue; It is coming, coming, coming. And I long, my love, for you!

The hazy days are shortening hour by hour. The dewy vine rustle softly in the sun; The river ripples dimpling. Are continuously whirling. And frosting by the Frost King has begun. The spider-web is weaving. And the red-tailed leaves are leaving. To fall upon the earth and rustle too—To rustle, rustle, rustle. And I long, my love, for you!

The wintry months are coming swift and sure. The Wind King will send his draughts of gold. The chill air will be calling. But I know you will be willing To build the morning fires when you are told. "Tis nice to hear them burning When sleep I'm turning— I'll love you just as once I used to do If you'll build 'em, build 'em, build 'em! And I long, my love, for you!

Our Pattern Department.

A PRETTY TUCKED BLOUSE.

Pattern No. 5643.—This dainty lingerie blouse is one of the most attractive of the season. The style is generally becoming, but particularly so to the slender woman, as the deep pleat at the shoulder gives width to the figure, and lends additional fullness in front. The arrangement of the tucks in vest effect leaves a space in front, thus affording a fine opportunity for a bit of handwork, or a pretty design in lace. If elbow sleeves are not desired the pattern provides for full length sleeves finished by deep cuffs. As shown in the illustration, white China silk was used, trimmed with narrow Valenciennes insertion; but several materials are adaptable such as mul, dimity, organza, batiste and taffeta silk. For 36 inches bust measure, three and one-quarter yards of 27-inch material will be required. Sizes for 32, 34, 36, 38, 40 and 42 inches bust measure.

This pattern will be sent to you on receipt of 10 cents. Address all orders to the Pattern Department of this paper. Be sure to give size and number of pattern wanted. For convenience, write your order on the following coupon:

A SIMPLE LITTLE FROCK.

Pattern No. 5615.—The little frocks hanging straight from the shoulder are always appropriate for young children, and they are quite simple to make. This one was made of white linen, narrow edged being used for trimming the collar and sleeves. Linen, nainsook, gingham, chambray and China silk are all suitable for reproduction. For a child of three years two yards of 36-inch material will be required. Sizes for 1, 2, 3, 4 and 5 years.

Birds Have Spectacles.
Many birds are provided with natural spectacles, a transparent membrane called the third eyelid. The third eyelid when not in use lies folded in the inner corner of the eye. Two muscles work it, spreading it over the cornea or folding it up again more cleverly than a man can put on or take off his spectacles. But for this third eyelid the eagle could not look at the sun.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased part of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is cured by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

PRESBYTERIANS TO BE HERE.

Two Synods to Meet Here
Next Tuesday,
Oct. 30.

MANY DELEGATES.

Evangelistic Conference Will Hold Important Meeting.

Next week will be Presbyterian week in Hopkinsville. The Kentucky Synod of the United Presbyterian church will meet on Tuesday, October 30, at 7:30 p. m. The sessions of the Synod will be held in the First Presbyterian church. Following is the call of the stated clerk:

Louisville, Ky., October 10, 1906. To all whom it may concern:

Attention is hereby called to the following statement of facts and announcement: The Synod of Kentucky of the Cumberland Presbyterian church at the close of its session at Greenville, Ky., October 26, 1906, adjourned to meet at Hopkinsville, Ky., October 30, 1906, at 7:30 p. m. This Synod, by the consummation of the reunion and union of the Cumberland Presbyterian church and the Presbyterian church U. S. A. in May, 1906, now becomes the Synod of Kentucky "A" of the Presbyterian church, U. S. A., and according to the adjourned order, meets at Hopkinsville, Ky., Oct. 30, 1906, at 7:30 p. m.

The present pastor, session and trustees of the former Cumberland Presbyterian church of Hopkinsville refuse to permit the Synod to hold its sessions in that church.

As stated clerk, at the request of three-fourths of the stated clerks of the Presbyteries composing the Synod, I hereby call the Synod of Kentucky "A" of the Presbyterian church, U. S. A., the legal and constitutional successor of the Synod of Kentucky of the Cumberland Presbyterian church which met at Greenville, Ky., in its last session, October 24-26, 1895, to meet in the First Presbyterian church Hopkinsville, Ky., Tuesday, October 30, 1906, at 7:30 p. m.

T. N. WILLIAMS, Stated Clerk.

Important Announcement.

1. Buy a regular full fare ticket to Hopkinsville and have the agent give you a standard form certificate. When you get to Hopkinsville give me this certificate to sign and then you can get reduced rates home.

2. We earnestly urge all the ministers to buy regular tickets and get certificates in place of using their permits.

3. Send your name to Mr. James West, Hopkinsville, Ky., so that you may be assigned a home. Don't put this off.

4. Go directly from the depot to the First Presbyterian church and you will be directed to your stopping place.

Important Meeting.

On Monday evening, the 29th, of the Rev. J. P. Calhoun, D. D., of Pittsburgh, Pa., will preach the opening sermon of an Evangelistic Conference. The conference will last all day Tuesday and among those who will take part will be Dr. Calhoun, Dr. Joseph W. Cochran, Dr. J. Beredige Lee, Dr. Darby and Dr. Landrith. Make your arrangements to be present at this meeting Tuesday.

T. N. WILLIAMS, Stated Clerk.
Arrangements for the entertainment of delegates have about been completed.

Cumberland Synod.

The Kentucky Synod of the Cumberland Presbyterian church will meet with the Cumberland Presbyterian church in Hopkinsville, Ky., Oct. 30, at 7:30 o'clock, and the moderator, Rev. M. M. Smith, of Bowling Green, Ky., will preach the opening sermon.

Full and complete arrangements have been perfected to give free entertainment to all delegates and visiting friends. Low rates at the best hotels and boarding houses in the city will be secured for those visitors who prefer such entertainment.

On account of Synod we have secured excursion rates over all railroads in the State on the certificate plan. These rates are uniform, and are one fair and a third plus twenty-cents for the round trip. Delegates and visitors are alike entitled to this reduction, but you must get a certificate with every ticket purchased.

Moderator Hudgins will be here, and Rev. Eshman and Judge Fussell, of Tennessee; and Rev. Ashburn and Judge Reister, of Indiana; and probably Rev. Padgett, of Memphis. Judges Young, of Clarksville, and Baskett, of Nashville, write they will come. Many others will be in attendance whom you will like to meet and hear.

Pay no heed to the cards and circulars sent out by the Rev. T. N. Williams, or any one else, with the evident purpose of misleading you. The Kentucky Synod of the Cumberland Presbyterian church will meet

In Hopkinsville, October 30 at 7:30 o'clock, at which time Moderator Smith will preach the opening sermon, and at which time every Cumberland Presbyterian delegate is expected to be in his place. Hopkinsville has invited you, and proposed to entertain you; and every Kentuckian in the State knows what that means. Send your name to the undersigned, or to the chairman of the entertainment committee, Mr. Jas. D. Hill, of Hopkinsville, Ky.

All county papers please copy.

A. C. BIDDLE, Pastor.

It is estimated that anywhere from 300 to 300 ministers of the two Synods will be in attendance.

The Old Reliable Jewelry House

of Hopkinsville is, after all, the best place to get anything in the jewelry line. There's a record behind us, a record of over thirty years; a clean record of satisfied customers, a record of honest dealing, for honest quality, honest prices. It's a record any Jeweler might feel proud of. And when we sell an article we have in mind that we have a record to maintain, and no slipshod methods, no careless workmanship, no lack of quality, is ever allowed to mar the record of the past. But to improve, if possible, this record, is ever our aim, and goods are sold for as low a price as it is possible to sell reliable goods.

It will pay you in the end to deal with the Old Reliable Jeweler.

POPULAR PRINTER

Dies at Erin, Tenn.—Worked Here Last Summer.

Mr. Wm. J. Tefft, who held a position as compositor in the Kentuckian office last summer, died at Erin, Tenn., October 10th. He returned to his home in Erin in September and was soon afterwards prostrated with a spell of fever that resulted fatally. He was a young man of moral and exemplary habits and was a good, conscientious workman. He made many friends during his residence here, who will learn of his untimely death with much regret.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is wetted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit, as most people suppose.

When as well as men are made miserable by kidney and bladder trouble, and need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonials received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and enclose this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

HERNDON LETTER.

Home Phone Soon to Enter That Town.

Herndon, Ky., Oct. 20.—The heavy rains which fell Wednesday night and Thursday have caused the roads to become almost impassable again and also stopped the wheat sowing. The young farmers seem to be very glad of this though, as they can attend the carnival now.

Dr. Mrs. L. E. Gates spent Monday in Hopkinsville.

Miss Katie Mitchell is visiting relatives in Hopkinsville.

Mrs. George Wooley, of Centralia, Ill., is here for an extended visit to relatives.

Mrs. Jack Stone, of Sturgis, is visiting his brother, Mr. J. E. Stone, at this place.

Mr. C. W. Johnston and sister were guests of friends in Tennessee Thursday and Friday.

Mrs. Victor Hardy, of Nashville, and Miss Mary Anderson, of Hopkinsville, visited friends here last week.

Our progressive little city is soon to have the Home 'phone. The work is being pushed rapidly and will probably reach us in about 30 days.

Misses Mattie and Mary Major, who are attending school in Hopkinsville, are at home for Saturday and Sunday.

Mr. W. E. Mitchell, our popular blacksmith, is much grieved over the loss of his little dog, Trix, which was lost at the Presbyterian church at Bennetts town on Sunday night, Sept. 16. The dog is a small fox terrier, yellow, and is rather old. Knows its name well. Any information leading to its recovery will be appreciated by its owner. He was last seen near Roaring Spring.

Services will be held at the Methodist church here the fourth Sunday by Rev. Archee, the new pastor, who comes to us very highly recommended. As hickorynut and chestnut hunting is the Sunday occupation of the young people, we would be glad to have preaching every Sunday.

Our little sister city, Garrettsburg, recently advertised for a good blacksmith. We would call our neighbor's attention to the fact that we have a first-class establishment of that kind again now and all the surrounding neighborhood have no excuse now to go to Hopkinsville to have work of that kind done. Not only ought the farmers of this neighborhood patronize Messrs. Mitchell & Futrell, the blacksmiths, but they ought to patronize every one of our merchants by buying such things of them as they have, and it wouldn't be long before Herndon would be the best little town in South Christian. I. B. WISE.

Avoid alum and alum phosphate baking powders. The label law requires that all the ingredients be named on the labels. Look out for the alum compounds.

NOTE.—Safety lies in buying only Royal Baking Powder, which is a pure, cream of tartar baking powder, and the best that can be made.

Inheritance Tax.

The new inheritance tax law of Kentucky will be operative for the first time in the case of Louis Miltz, an aged miser, who died in Louisville, leaving an estate valued at \$15,000. It is said that the inheritance tax and delinquent city, county and state taxes will reduce the estate to \$12,000. The legatees named in his will mainly are brothers in Germany.

ORDINANCE NO. 36

An ordinance to amend and reordain Sec. 2 of Chapter 18, of the General Ordinances of the City of Hopkinsville.

Be it ordained by the Board of Council of the City of Hopkinsville, Kentucky:

That Section 2, of Chapter 18, of the General Ordinances of the City of Hopkinsville, be amended by striking out the word iron and substituting the word concrete, so that said section when amended will read as follows: No person or corporation shall remove to or build within said fire limits any business house, workshop, mill, house, manufacturing establishment, warehouse, church, school house or livery stable unless the walls are built entirely of stone, brick or concrete, and covered with metal, slate or other noncombustible material, and with metal, stone, concrete or brick cornice, with metal or wooden brick lookouts to which the cornice is attached. If lookouts are used, and with stone, brick, concrete, or iron window caps and sills, and all back door frames or cases, and the shutters to same, to be covered on the outside with iron, zinc or other metal, with good fastenings to secure same when closed. And to have sufficient and suitable partition walls between and extending above each building.

This ordinance to take effect and be in force from and after its adoption, approval and publication.

Adopted Oct. 19th, 1906.

Herbert P. McMath, Clerk,

of the Board of Council of the City of Hopkinsville, Ky.

Approved Oct. 22nd, 1906.

CHAS. M. MEACHAM, Mayor.

PETIT JURIES.

Discharged and Circuit Court Nearing the End.

The petit juries have been discharged and the rest of the term will be devoted to the disposition of Equity Cases.

In the case of commonwealth against John Campbell, charged with house breaking, the jury returned a verdict of not guilty.

In the case of Chappell Browder, fined on a charge of attempting to commit rape, on motion of the commonwealth, judgment was abated to \$50 and costs, which was paid and Browder was released from jail.

The jury in the case of John Reese charged with fraudulently selling mortgaged tobacco, found defendant not guilty.

On motion of the commonwealth, Walter Pettus, charged with involuntary manslaughter, was dismissed the reason being that the defendant was guilty of voluntary manslaughter or nothing. Rittus stabbed to death Brice Edwards, another negro at the I. C. depot on the morning of July 9, last. He immediately fled but was arrested in Princeton about a week afterwards and had since been in jail here.

Porter Dabney, col., was given one year in the pen for obtaining money under false pretenses.

Dr. P. E. West, H. C. Locker and Ed Wilson were appointed jury commissioners for the ensuing year.

The docket will probably finish up this week.

SERIES OF MEETINGS

A protracted meeting began at Locust Grove Baptist church, near Beverly last night. The meeting is being conducted by the pastor, Rev. J. A. Kirtley, assisted by Rev. James. There will be two services each day, one at 11 a. m. and the other at 7:30 p. m. The series will continue a week or more.

Rev. J. N. Prestige, of Louisville, editor of the Baptist Argus, was in town Sunday.

Mr. Walter Kelly and Miss Emily Kelly went to Jackson, Tenn., yesterday to visit relatives.

Mr. Dandridge Lyon who is attending school at Elkton, is visiting his parents, Rev. and Mrs. A. P. Lyon.

Mrs. Ellen C. Phelps has returned from a two weeks' visit to her son, George Phelps, in Cincinnati.

Mrs. Nick Gaither, of Louisville, is visiting her parents, Mr. and Mrs. Walter Kelly.

Mr. W. B. Kennedy left Saturday for New York, and on tomorrow he will sail for Liverpool. Mr. Kennedy will spend several weeks in the English markets in the interest of his tobacco business.

Rev. H. D. Smith, Rev. W. J. Hudspeth and wife, Mrs. J. R. Armistead and Prof. A. C. Kuykendall and wife, have returned from Buffalo, N. Y., where they attended the International Convention of the Christian church.

AT HOME AGAIN.

Evangelist W. J. Hudspeth and his party returned from Buffalo Saturday and reported a splendid and most enjoyable trip. About 5,000 attended the International Conventions of the Christian church, which convened in Buffalo Oct. 12th and continued in session up to and including the 18th. The following persons went from South Kentucky in Mr. Hudspeth's party:

Rev. H. D. Smith, Prof. A. C. Kuykendall and wife, Mrs. J. R. Armistead, Mrs. W. J. Hudspeth, Hopkinsville; Mrs. J. W. Carter, Pembroke; T. T. Roberts and three ladies, Morgansfield; J. C. Bishop, Sturgis; J. W. Ligon, Corydon; S. L. Jackson and wife, Uniontown; G. H. C. Stone and Miss E. G. Hart, Murray.

The next conventions will be held in Norfolk, Virginia; in October, 1907. A still greater meeting is anticipated and many will doubtless go from all over South Kentucky.

Is the Moon Inhabited?

Science has proven that the moon has an atmosphere, which makes life in some form possible on that satellite; but not for human beings, who have a hard enough time on this earth of ours; especially those who don't know that Electric Bitters cure headache, biliousness, malaria, chills and fever, jaundice, dyspepsia, dizziness, torpid liver, kidney complaints, general debility and female weakness. BOY'S HEAD ONE SOLID SORE

Hair All Came Out and He Suffered Very Much—Under Doctor Three Months and No Better—Permanently Cured at Expense of \$2.

CUTICURA REMEDIES WORK WONDERS

Mr. A. C. Barnett, proprietor of a general store in Avar, Oklahoma, tells in the following grateful letter how Cuticura cured him and his son of terrible eczema:

"My little boy had eczema. His head was one solid sore, all over his scalp; his hair all came out, and he suffered very much. I had a physician treat him, but at the end of three months he was no better. I remembered that the Cuticura Remedies had cured me, and after giving him two bottles of Cuticura Resolvent, according to directions, and using Cuticura Soap and Ointment on him daily, his eczema left him, his hair grew again, and neither he nor myself have had any eczema since."

As to his own case, Mr. Barnett says: "I suffered with eczema, a burning, itching, breaking out on my face for more than a year. I took treatment from physicians for several months, which did no good. I was then advised to try Cuticura. I took six bottles of Cuticura Resolvent, and used Cuticura Soap and Ointment freely every day. I began to improve soon after starting to use them, and when I had taken the six bottles of the Resolvent my face had become clear. I had good color, and all eruptions had left me."

"We use the Cuticura Soap and Ointment in our family now for general use, and it keeps our skin soft and healthy. I heartily recommend the Cuticura Remedies for all cases of eczema. (Signed) A. C. Barnett, Avar, Oklahoma, Mar. 30, 1905."

Complete Medical and Internal Treatment for every Branch of Diseases from Infancy to Age, consisting of Cuticura Soap, Ointment, etc. Resolvent, etc. (In form of Chocolate Coated Pills, etc., per vial, 50c.) may be had at all druggists. Where the Millions of Postal Cards Come From

Big Factory in Maine Which Turns Out 2,500,000 of Them Every Day for Uncle Sam

Considered from the standpoint of the individual, the postal card is such a insignificant bit of pasteboard that few stop to think what Uncle Sam's postal card business in the total amounts to. Millions of them! Tons upon tons of them! Train load after train load of them! And where do they all come from? From Maine. While the small oblong piece of cardboard, which presents the easiest way of communication through the mails, is rarely considered as a product, the fact of the matter is that cardboards upon cardboards go to the chief cities of the country. Cities like Boston and New York use on an average more than two cardboards of postal cards a month, and the making of the cardboard, the printing and the cutting are all done in Maine. At Rumford Falls this one product forms one of the great industries of the place, and it will continue to be so for at least the next four years for the government contract for the manufacture of these postal cards has just been again awarded to the paper company there.

Under the previous contracts there were manufactured during the preceding two years 3,200,000,000 postal cards and 60,000,000 were made during the month of June last.

There pass through Boston daily in registered mail cars 3,500,000 postal cards on their way from Rumford Falls, Me., to the sub-agencies scattered over the country.

The cards may be said to be entirely a Maine product. The logs are taken directly from the Maine spruce forests and chemically transformed into the pulp from which the postal card is made at the Oxford mill.

The Mills Where Uncle Sam's Postal Cards Are Made.

After the logs have been chewed up and chemically treated the pulp flows into a big vat called the "digester." Here the pulp looks like a rich chewing, but is in reality the solution from which the cards are made—cards that will later carry written messages all over the civilized world.

The wood pulp is flowed out on a screen of such fine mesh that the paper is long in gathering, and the result of this meshing is an ordinary thorough shaking is a firm, smooth card of the familiar cream yellow, free from inequalities of texture and free from all lines or shadows when held to the light.

In the big, clean finishing room, where the floor is littered with a clutter of books and newspapers, sit a score or more neatly attired women, busy and happy, mending the great sheets of book and postal stock into piles. The least defect in the surface is detected at once by their super-sensitive finger tips, and sheet after sheet is rejected for a blemish invisible save to touch.

Great trucks carry the postal paper to the printing establishment, but before the presses are set to work each truckful must be inspected by a government inspector. This inspector first applies the bulk gauge, to prove that the postal card is up to standard in thickness.

The contract requires that each sheet be one-eleven-thousandth part of an inch in thickness. So if the needle whirled around the face of the indicator and stops again at the wrong mark, the second requirement is that every sheet shall endure the test of 50 pounds pressure to the square inch. So into the strength tester goes the sheet from the truck load, the pressure is applied and the indicator shows the value of the sheet.

The "blind man's test," or German test, is the third to prove that the surface of the card is properly finished, sized or finished. It is an application of vigorous pen and ink. Should the ink be absorbed, the surface is inferior in its finish. When the markings are plainly apparent to the touch with "blind eyes," the card is satisfactory.

Each sheet of stock fed into the printing press is registered automatically, so that an exact tally can be kept of all cards printed.

The two presses have a united capacity of 3,000,000 cards daily.

As the cards are printed in big sheets the next thing to do is to cut

them out the right size. There are four cutting machines. One cuts them into long strips, one postal card in width. The three smaller machines cut the strips into the postal cards of regulation size as we buy them at the post office.

Three alert young women feed these strips into the cutters. When 25 cards are bitten off by the sharp knives of the machine, the receiving rack is turned over and the quarter-hundred cards are bound into a packet with a gummed paper strip.

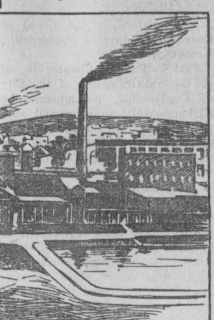

The girls who run the packages together have to be very spry. With a dozen gummed strips held between their lips, their trained fingers hover over the straight edged packs of postal cards like humming birds, till with a dash and a flutter the hand is in place and a second packet is in readiness for a hand.

One young woman is behind each machine to box these packets, and others are kept busy folding the pasteboard boxes in which they are packed, 500 cards being placed in a box.

The pasteboard packages are placed in wooden boxes of different sizes. They hold 5,000, 10,000 and 50,000 cards. The boxes are very strong and are nailed together at the postal card mill by machinery.

From Rumford Falls, which is called the chief agency, shipments are made to the sub-agencies, which are Washington, Cincinnati, St. Louis and Troy, N. Y.

All smaller offices in the United States must make requisition to these sub-agencies for cards, unless they are in the list of cities whose business is so extensive in postal cards as to require cardboards shipments.

These are Baltimore, Pittsburg, Buffalo, Kansas City, Brooklyn, Chicago, Cleveland, Detroit, San Francisco, Boston and New York.

The average amount of messages written in Boston on postal cards is so great that two card lots a month are required. The New York shipment is even larger.

There is no busy season in the card mill. The same amount is printed year in and year out. The government requires that a certain amount must be kept on hand at the factory. These are kept in a fire and burglar proof vault which has a capacity for holding 100,000,000 cards.

Novel Life Insurance.

A curious form of life insurance was introduced some years ago in French manufacturing towns under the name of La Poudre (the ant). The peculiarity is that the longer a man lives the less he becomes entitled to. The payment of about a dollar a month assures the payment of \$1,000 to the heirs of a man dying before the age of 35, the payment diminishing proportionately to \$510 at 51. The idea seems to be that if a man dies young his children are likely to be in want, but when he is 50 they will be able to earn their own living.

Electric Cloth the Latest.

M. Camille Herrgott, a well-known French engineer, is said to have invented a peculiar method of charging cloth with electricity in order to furnish heat to the wearer in cold weather. The idea is carried out by means of fine electric wires woven into the cloth, to charge which a very fine battery is needed. He calls his invention "The Electric Thermophilic," and claims for it that it can be used in connection with all kinds of fabrics, and does not alter their ordinary appearance or their usual flexibility.

50.25 People on Each Train.

The average number of passengers in each railroad train in the United States in 1904 was 50.25. This represents a growth from about thirty-nine a train, in 1893, but is still far below the development attained abroad. In 1898 Germany carried an average of seventy-one persons in each train and India had the large figure of 189. The development of the electric railway in this country and the frequent train service help to keep down the average.

NEW TIME CARD.

L. & N. Accommodation Departs Over An Hour Later.

The new time card on this division of the Louisville and Nashville railroad, which went into effect Sunday, made several changes in the departure of trains from this place. The biggest change was that of No. 55, Hopkinsville and Nashville accommodation. This train, which formerly left here for Nashville at 6 o'clock a. m., now departs at 7:05 a. m., an hour and five minutes later. No. 53, the Chicago and St. Louis Limited, south-bound, passes here at 6:12 a. m., instead of 5:47 a. m. No. 52, the north-bound St. Louis Express, passes here at 10:08 a. m., instead of 9:41 a. m., or twenty-seven minutes later than formerly. No. 92, the Chicago and New Orleans Limited, north bound, leaves here at 5:45 a. m., instead of 5:47. The time of the last named train was only changed two minutes. All connections are made promptly at Guthrie and at Nashville, as formerly.

Back from New Orleans.

All of the Uniform Rank K. of P., are at home again, the last of them coming in yesterday. Capt. Prowse says that they had a royal good time. The people of the Crescent City know how to be as clever to visitors as any body on earth, and their sojourn in New Orleans will not soon be forgotten.

At this sale will be offered forty horses, consisting of Registered Brood Mares, Stallions, and Mares one and two years old, by such sires as Oscar Wilde, Patchmore, King Lee Rose, Highwave, Lynn Boyd, Robber Boy, Bourbon Chief, Electric, Chester Dare, Red Eagle, Dewey, Highland Gay and others. Mr. Williams breeds and raises at Ashbrook Stock Farm high-class saddle horses for sale, and in the bunch this year will be found a number of the best in both breeding and individuality. Persons desiring fine stock should attend this sale, as they can get just what they want. Remember the date, Thursday, October 25. For catalogue and any further information call on or address JOHN H. WILLIAMS, Propr. Ashbrook Stock Farm, Pembroke, Ky.

TEN ARRESTS.

Police Landed That Number Saturday and Saturday Night.

The large crowd, principally negroes, in the city Saturday gave the police more than they have had for a month. The negroes did not go inside the carnival grounds, but lined up on each side of the street leading to them in large numbers. Those bibulously inclined got too full of booze, and though the officers were disposed to let them enjoy the day if they were not boisterous, some of them got on a big drunk and spent a night in the lockup. In fact drunkenness led to the arrest of the whole ten, except one, who was taken in charged with carrying a concealed weapon.

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant, of Bac. Ky. He writes: "Twenty years ago I had severe hemorrhage of the lungs, and was near death, when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures hemorrhages, chronic coughs, settled colds and bronchitis, and is the only known cure for weak lungs. Every bottle guaranteed by R. C. Hardwick, druggist. 50c and \$1. Trial bottle free.

Advice from the Woodman!

When everything seems up a stump,
And fortune is "agin" you,
Don't pine. Spruce up—show the world
You've got the timber in you.

Andrew Carnegie, Rockefeller, the Vanderbilts and Russell Sage saved a part of their income and put it away in the bank. When the time came for them to make investments they had something saved up. Money rules the world. Without money you are without friends.
